Plonk and Replonk are a famous group of artists founded in 1997 in La Chaux-de-Fonds. In 2008 they are coming to the Museum of Lake Geneva. The Exhibition consists of distorted images and objects which offer a light and humorous look at some of Lake Geneva's Myths, Legends, old fashioned fishing techniques and forgotten navigational instruments. A world of fantasy unfolds through their creations. Their devoted works in the Exhibition looks back on the ancient history of the Lake. They will also be presenting their new unpublished plays. A catalogue devoted exclusively to images of Lake Geneva has been specially published for this event. Various activities are being held throughout the year.
